The United States, by and through its counsel, applies for an Order from the Court to unseal the defendant's November 14, 2017 motion for medical furlough, and the Court's orders thereon of November 17, 2017, February 27, 2018, April 11, 2018, and April 17, 2018, as well as defendant's proposed order to modify conditions of release to allow travel to testify in Norfolk, VA, and the transcript of the May 16, 2018 hearing, subject to redactions necessary to protect the defendant's sensitive medical information.

Based on the passage of time and the occurrence of intervening events, the rationale to seal these materials has diminished and the public's right to transparency in the proceedings now weighs in favor of releasing these materials subject to redactions necessary to protect the defendant's sensitive medical information.

The United States has consulted defense counsel, who indicated he would file a response after reviewing the materials and consulting with his client.

Accordingly, the United States requests an Order unsealing the defendant's November 14, 2017 motion for medical furlough, and the Court's orders thereon of November 17, 2017, February 27, 2018, April 11, 2018, and April 17, 2018, as well as defendant's proposed order to modify conditions of release to allow travel to testify in Norfolk, VA, and the transcript of the May 16, 2018 hearing, subject to redactions necessary to protect the defendant's sensitive medical information.

DATED: May 29, 2018

Respectfully submitted,

ADAM L. BRAVERMAN **United States Attorney**
